

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in SoCalREN Public Agency Programs accomplished together as a Network, and thanks again for joining us and making an impact.

Note: % of Annual Energy Savings Since Enrollment includes projects that are completed based on construction end date.

Overall Impacts on Communities Served

Note: overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced.

Below is a personalized status update for the City of San Dimas. Since the enrollment of San Dimas in December 2018, SoCalREN Public Agency Programs have worked with the city to improve its energy efficiency and save money.
