

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in SoCalREN Public Agency Programs accomplished together as a Network, and thanks again for joining us and making an impact.

Note: % of Annual Energy Savings Since Enrollment includes projects that are completed based on construction end date.

Overall Impacts on Communities Served

Note: overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced.

Below is a personalized status update for Barstow. Since the enrollment of Barstow in February 2014, SoCalREN Public Agency Programs have worked with the Barstow to improve its energy efficiency and save money. To date, this collaboration has saved over 450,000 kWh of electricity.

Opportunities for Success

Status	Mechanical	Cost Savings*	Energy Savings*	Incentives
Completed	2 Projects	\$43,546	456,879	3 Applications \$20,704

*Cost and energy savings are potential, based on each project's incentives estimates, completed audit or the SoCalREN Public Agency Programs project scoping tool

Key Project Milestones

Key Milestones	WWTP Pumping	WWTP Process Optimization
Energy Cost Savings	\$15,362	\$28,184
