

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in SoCalREN Public Agency Programs accomplished together as a Network, and thanks again for joining us and making an impact.

Note: % of Annual Energy Savings Since Enrollment includes projects that are completed based on construction end date.

Overall Impacts on Communities Served

Note: overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced.

Below is a personalized status update for the City of La Puente. Since the enrollment of La Puente in October 2016, SoCalREN Public Agency Programs have worked with the City to improve its energy efficiency and save money.

Opportunities for Success

| Status | Street Lighting | Cost Savings* | Energy Savings* | Incentives |
|-----------|----------------------------|-----------------|-----------------|-----------------|
| Completed | 1,473 streetlight fixtures | \$36,364 Annual | 330,583 kWh | \$148,703 Saved |

**Cost and energy savings are potential, based on each project's incentives estimates, completed audit or the SoCalREN Public Agency Programs project scoping tool*

Key Project Milestones

| Key Milestones | Street Lighting |
|-------------------------------|-----------------|
| Energy Cost Savings | \$36,364 |
| Comparative Energy Analysis | Done! |
| Energy Audit | Done! |
| Incentives & Funding Reserved | Done! |
| Design & Proposal | Done! |
| Council/Board Approval | Done! |
| Construction Start | Done! |
| Construction End | Done! |
| Incentives & Funding Received | Done! |
