

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in SoCalREN Public Agency Programs accomplished together as a Network, and thanks again for joining us and making an impact.

Note: % of Annual Energy Savings Since Enrollment includes projects that are completed and committed based on audits completed.

## Overall Impacts on Communities Served

Note: overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced.

Below is a personalized status update for Santa Ana USD. Since the enrollment of Santa Ana USD in June 2019, SoCalREN Public Agency Programs have worked with Santa Ana USD to improve its energy efficiency and save money.

### Opportunities for Success

Status	Whole Building	Energy Savings*	Incentives	Financing
Planned	Santa Ana High School Willard Intermediate Spurgeon Romero-Cruz K-8 Davis Elementary Cesar E. Chavez High	1,641,742 kWh 331 kW 21,053 therms	TBD	TBD
In Progress	Lathrop Intermediate	355,960 kWh 90 kW 920 therms	TBD	TBD
Total	6 projects	1,997,702 kWh 421 kW 21,973 therms	TBD	TBD

*\*Cost and energy savings are potential, based on each project's incentives estimates, completed audit or the SoCalREN Public Agency Programs project scoping tool*
