

The SoCalREN Public Agency Programs were created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. Take a look at what agencies enrolled in SoCalREN Public Agency Programs accomplished together as a Network, and thanks again for joining us and making an impact.

Note: % of Annual Energy Savings Since Enrollment includes projects that are completed based on construction end date.

Overall Impacts on Communities Served

Note: overall impacts determined based on energy savings and assumed benefits per kWh/therm reduced.

Below is a personalized status update for Jurupa Community Service District (JCSD). Since the enrollment of JCSD in January 2014, SoCalREN Public Agency Programs have worked with the JCSD to improve its energy efficiency and save money. To date, this collaboration has saved over 25,000 kWh.

Opportunities for Success

Status	Lighting	Pumping ¹	Cost Savings*	Energy Savings*	Incentives	Financing
Potential	HQ Indoor Lighting	Pumping Project	\$107,029 Annual	972,988 kWh Annual	-	Potential
Completed	Pond Lighting	-	\$2,914 Annual	26,490 kWh Annual	\$4,800 Saved	Completed
Total	2 Projects	1 Project	\$109,943 Annual	999,478 kWh Annual	\$4,800 Saved	Total

*Cost and energy savings are potential, based on each project's incentives estimates, completed audit or the SoCalREN Public Agency Programs project scoping tool

Key Project Milestones
