

**The Energy Network** was created on the belief that public agencies can be powerful agents of change. Energy conservation at the local level gives communities direct, tangible benefits in the form of freed-up public resources. **Take a look at what agencies enrolled in The Energy Network have been able to accomplish together, as a Network, and thanks again for joining us and making an impact.**

### OUR NETWORK: 96 ENROLLED AGENCIES

### 232 FACILITIES RETROFITTED

and over... **84,000** Streetlights

### COMMUNITY IMPACTS

### PROGRAM IMPACTS

This report provides a customized update for the Ventura Unified School District (VUSD). Since the enrollment of VUSD in January 2014, The Energy Network has worked with the District to increase energy efficiency, improve the learning environment and save money. To date, this collaboration has resulted in over 800,000 kWh in savings and captured nearly \$30,000 in incentives. In 2018, HVAC and lighting projects will help 17 more campuses increase their energy efficiency.

### Opportunities for Success

Status	Lighting	Mechanical	Cost Savings*	Energy Savings*	Financing
Gate 1 Opportunity	Charter	Charter	\$8,687	44,100 kWh 9.27 kW 105 therms	\$163,472 OBF \$40,000 Non-repayable \$700 Incentives
Gate 2 Incentives	Lighting Phase II	Buena HS HVAC	\$32,341	233,588 kWh	\$2,181,832 Prop 39 \$13,779 Incentives
Gate 3 Planned					
Gate 4 In Progress					
Gate 5 Completed	Lighting Phase I	PREPPS Savings	\$88,654	805,945 kWh 143 Therms 12 kW	\$1,590,556 Prop 39 \$29,125 Incentives

*\*Annual. Cost and Energy Savings are potential, based on each project's incentives estimates, completed audit or the The Energy Network project scoping tool.*
