

In 2023, 18 agencies leveraged SoCalREN's expertise to install heat pump water heaters across multiple facilities. Through incentives provided by SoCalREN, additional TECH Clean California funding, and Water Heater Warehouse procurement, this collaboration brought participating agencies reduced project costs and supported the completion of their respective installations.

## 2023 Outcomes

**87 units**  
installed across 18  
public agencies

**950,000**  
lifetime therms saved

**\$1.4M+**  
SoCalREN incentives  
awarded

**3,000 tons**  
lifetime greenhouse gas  
emissions saved

**\$108k+**  
TECH Clean California  
incentives awarded

Special thanks to:

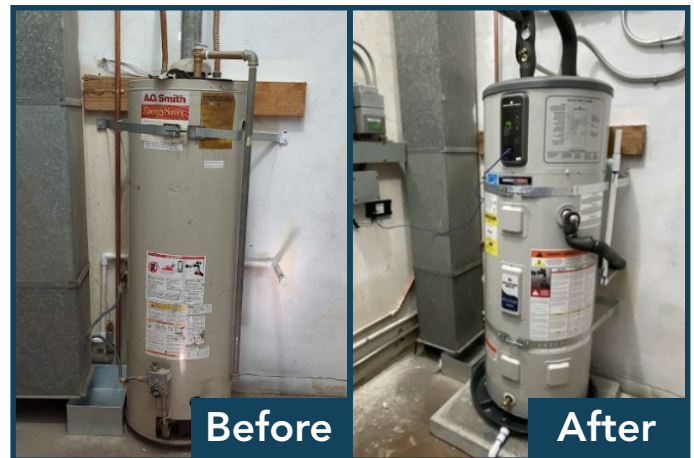

## Project Spotlights

	City of Bell	City of Seal Beach	City of Pico Rivera
Units installed	1	3	8
Estimated useful life	10	10	10
Lifetime therms savings	13,000	35,830	91,525
Cars taken off the road <i>(lifetime kWh savings greenhouse gas equivalency)</i>	42	30	115
SoCalREN incentives awarded	\$12,586	\$34,722	\$93,080
TECH Clean California incentives awarded	\$3,100	\$0	\$21,700
Capital funding used	\$0	\$0	\$4,500
