

Get your facility ENERGY STAR certified through SoCalREN!

LIMITED TIME OFFER:

SoCalREN will provide ENERGY STAR Certification support for agencies that complete a whole building energy efficiency project with SoCalREN in 2024!

Criteria for SoCalREN support:

- Eligible project types: office, medical office, K-12 school, courthouse, hospital, non-refrigerated warehouse, and refrigerated warehouse
- Selected facilities must complete an energy efficiency project with SoCalREN
- Construction must be completed by the end of 2024
- No other major construction projects are planned at the facility within 1 year of the project's construction end
- Facility ENERGY STAR property score will need to be > 75

Why get ENERGY STAR certified?*

- Certified buildings generate 35% fewer greenhouse gas emissions
- It costs \$0.50 less per square foot to operate a certified building
- Buildings experience 10% higher occupancy rates
- Get a head start on benchmarking and performance mandates for next year, such as AB 802.
