

# No-cost, hassle-free energy upgrades with SoCalREN's new direct install services

Cost-free, start-to-finish energy efficiency upgrades for local governments, special districts, Tribes, and state and federal agencies with underserved communities!

## Eliminate headaches, simplify project procurement, and upgrade your energy-consuming equipment free of charge.

SoCalREN provides end-to-end support, from identifying equipment upgrades to coordinating no-cost installation by a qualified contractor from our Trade Ally Network, ensuring a seamless process.

## Take advantage of system upgrades:

- Pipe insulation
- Faucet aerators
- High efficiency heat pump water heaters
- LED tube lighting
- Ventilation drive and fan controls
- Natural gas tankless water heaters
- Boilers
- Gas dryer modulating valves

Eligible facility types include, but are not limited to: fire stations, police stations, gyms, and pools.

Reduce your energy bill and free up scarce public resources for services that can go back into the community!

## Eligibility Criteria

### Facility Eligibility

- ✓ Must be owned by the public agency
- ✓ Served by SoCalGas or SCE
- ✓ Located in an underserved ZIP code
- ✓ Peak facility usage is 20kW or less

### Equipment Eligibility

- ✓ Will be assessed based on equipment data provided
