

No-cost energy upgrades with SoCalREN's new direct install services

Cost-free, start-to-finish energy efficiency upgrades for schools and college campuses with underserved communities!

Eliminate headaches, simplify project procurement, and upgrade your energy-consuming equipment free of charge.

SoCalREN provides end-to-end support, from identifying equipment upgrades to coordinating no-cost installation by a qualified contractor from our Trade Ally Network, ensuring a seamless process.

Take advantage of system upgrades:

- Pipe insulation
- Faucet aerators
- High efficiency heat pump water heaters
- LED tube lighting
- Ventilation drive and fan controls
- Natural gas tankless water heaters
- Boilers
- Gas dryer modulating valves

Eligible facility types include, but are not limited to: gyms, pools, and kitchens.

Reduce your energy bill and free up funds to better support student needs!

Eligibility Criteria

Facility Eligibility

- ✓ Must be owned by the public agency
- ✓ Served by SoCalGas or SCE
- ✓ Located in an underserved ZIP code
- ✓ Peak facility usage is 20kW or less

Equipment Eligibility

- ✓ Will be assessed based on equipment data provided

Talk to your SoCalREN Project Manager to take advantage of this opportunity!
